## Bilateral Agreement CNR / VAST

### Joint Research Projects 2025-2026

#### Final Report

Considering the Joint Bilateral Agreement signed 21 November, 2016, the joint call for the bilateral project program launched on April 3th, 2024, both Parties have jointly decided to fund, within the framework of the future joint program, 3 projects granting up to 10.000 Euros per project for 2 years.

After the evaluation procedures performed independently by both Parties, the assessed projects obtaining the highest scores have been taken into account.

The Parties agreed to finance the following proposals included in a final ranking list:

Joint Research Project	Italian Institution	Vietnamese Institution
" Graphene related materials loaded with antibacterial drugs from natural sources with applications in health technology (GRAM Graphene Related Antibacterial Materials)"	Dr. Simona TOMASELLI Institute of Chemical Sciences and Technologies, Giulio Natta	Assoc. Prof. Dr. NGUYEN Thi Hong Van Institute of Natural Products Chemistry VAST
" Noble-metal nanoparticles and nanocarbons: hybrid systems for innovative catalysts"	Dr. Francesco BISIO Institute for superconductors, oxides and other innovative materials and devices. SPIN	Assoc. Prof. Dr. VU Duc Chinh Institute of Material Science VAST
