

Climate Services from the users' perspective

ERA4CS Summer School

10-14 September 2018

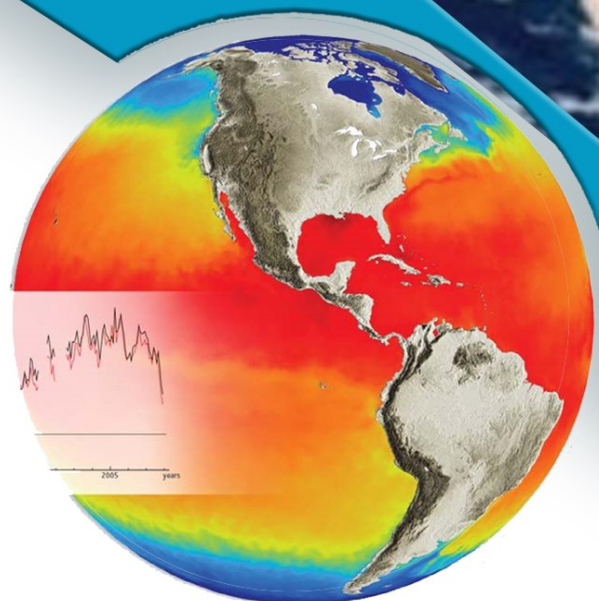

Pisa, Italy

European Research Area
for Climate Services

JPI Climate

ERA4CS SUMMER SCHOOL (ERA4CS-SS) will focus on Climate Services in a philosophical and technical approach, providing multidisciplinary, up to date view of the latest observations, models, projections, adaptation strategies, and services from the users perspective to mitigate climate change impacts with research and education.

Secretariat

Petra Mandercheid – Executive Director JPI Climate (BELSPO)
