

CALL OPEN FOR TECO MOBILITY GRANTS

TECO Team is excited to announce the launch of the new call to get **short mobility grants from Europe to India** for supporting the start-up of initiatives and the development of existing projects.

The mobility grants are offered within the activities of EU-India cooperation **Project TECO– Technological Eco-Innovations for the Quality Control and the Decontamination of Polluted Waters and Soils**. TECO (2014-2018) is a project co-funded by the European Union and coordinated by the Italian National Research Council (CNR, Italy) with the partnership of the National Environmental Engineering Research Institute of CSIR (NEERI – CSIR, India). The **goal of TECO** is to improve and promote collaborations between Europe and India and to create a professional network of experts in the most pressing environmental issues, in order to **stimulate new business opportunities**.

TECO Project provides grants for the mobility of **European researchers and private experts** who wish to spend a period up to four months in Indian research institutes or private companies, to open or reinforce professional collaborations and to develop innovative ideas **in the field of the decontamination of WATERS and SOILS**.

The call will stay open in 2017 until the funds are available. Please feel free to submit anytime. All information on submission guidelines can be found on the website www.tecoproject.eu.

We would appreciate if you help us to share this news to potentially interested people and networks.

Waiting for your application!

With our best regards,

TECO Team

Massimo Zacchini, Laura Passatore, Serena Carloni
