

Final Report of the Joint Bilateral Agreement CNR/RFBR
Triennial Programme 2021-2023

Considering the General Agreement signed on 21 November, 2013 and the joint call for the bilateral project programme launched on 29th April, 2020

Both Parties agreed on funding up to 10 projects in the framework of the joint program. The criteria used by RFBR and CNR for the selection of the winning projects are the following:

- ✓
- ✓ we decided to finance **projects with the highest score** from different scientific area;
- ✓ we decided to finance projects which received a RFBR score of minimum **89** and a CNR score of minimum **17**.

After the evaluation step performed independently by both Parties, CNR and RFBR agreed on the following final ranking list of the financed proposals:
