

TECO Project

Summing-up 4 years of activity

PROJECT FACTS

Acronym: TECO

Title: Technological ECO - innovations for the quality control and the decontamination of polluted waters and soils

Coordinator: National Research Council (CNR), Italy

Indian partner: National Environmental Engineering Research Institute (NEERI) of CSIR, India

European call: EU-India Research and Innovation Partnership, EU cross action

Reference: EuropeAid/135-474/DD/ACT/IN

Funding: Eu Delegation to India and EuropAid Cooperation Office

Project duration: 4 years

Project start: Dec. 2014

Project close: Dec. 2018

TECO boosted research and innovation collaboration between EU and India in the field of environment, specifically on the innovations for the decontamination of polluted waters and soils.

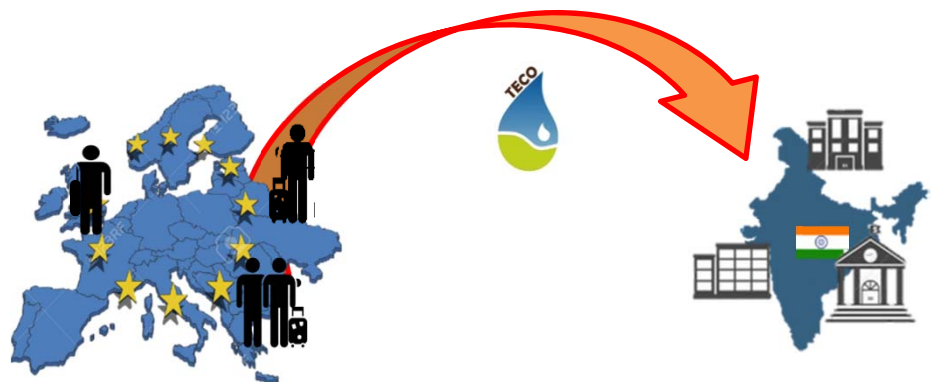

TECO stimulated new opportunities for the private sector to deliver appropriate innovations even through a reinforced link among research, public institutions and private companies.

TECO offered a unique opportunity to share experiences and start-up collaborations in India by financially supporting researchers and experts through the mobility program. New professional collaborations are born and thematic networks in the field of water and soil quality have been implemented.

“The network of scientists which results from TECO project is a perfect bridge to other actions and initiatives on water (...). It is also another good example of joining forces.”

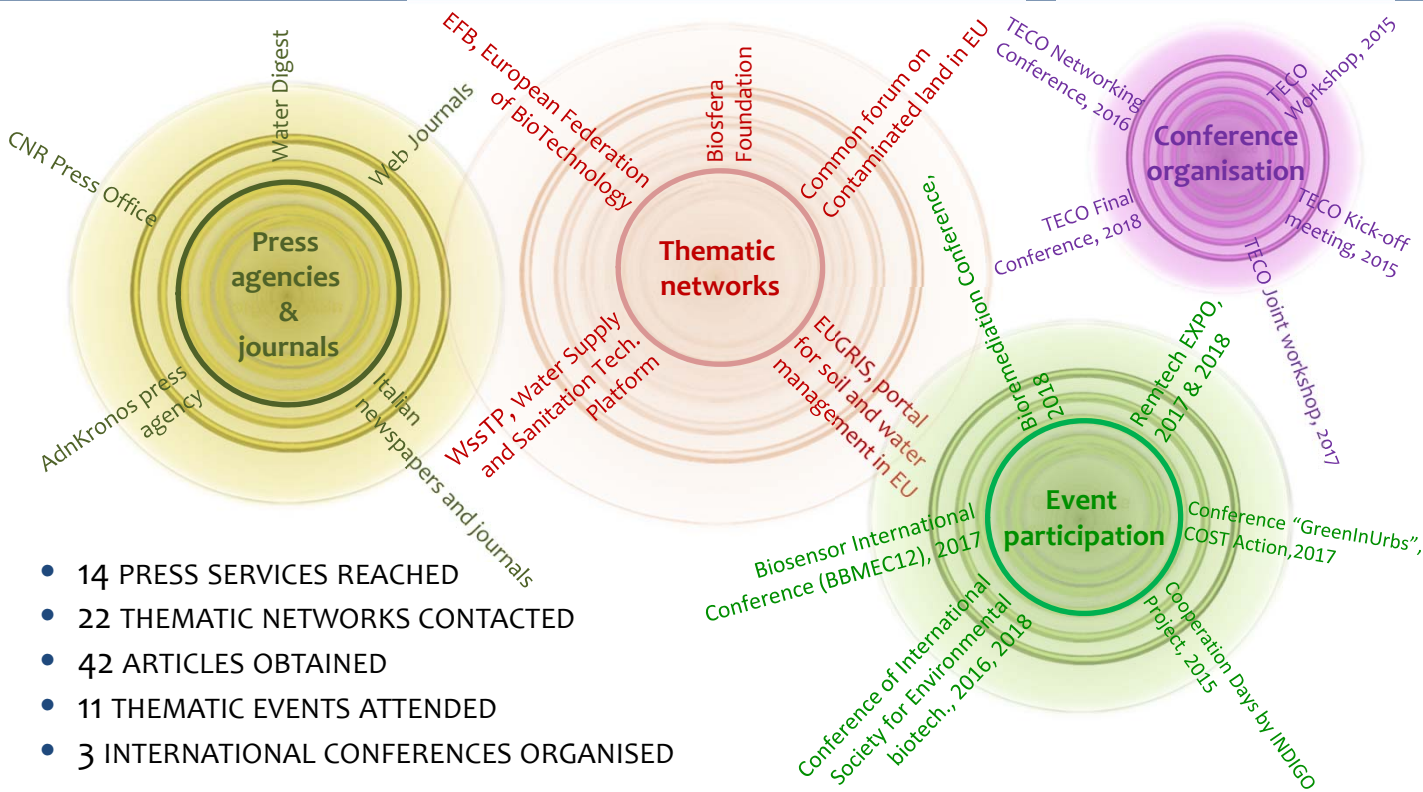

Tomasz Kozlowski, Ambassador of the European Union to India

TECO MOBILITY PROGRAM

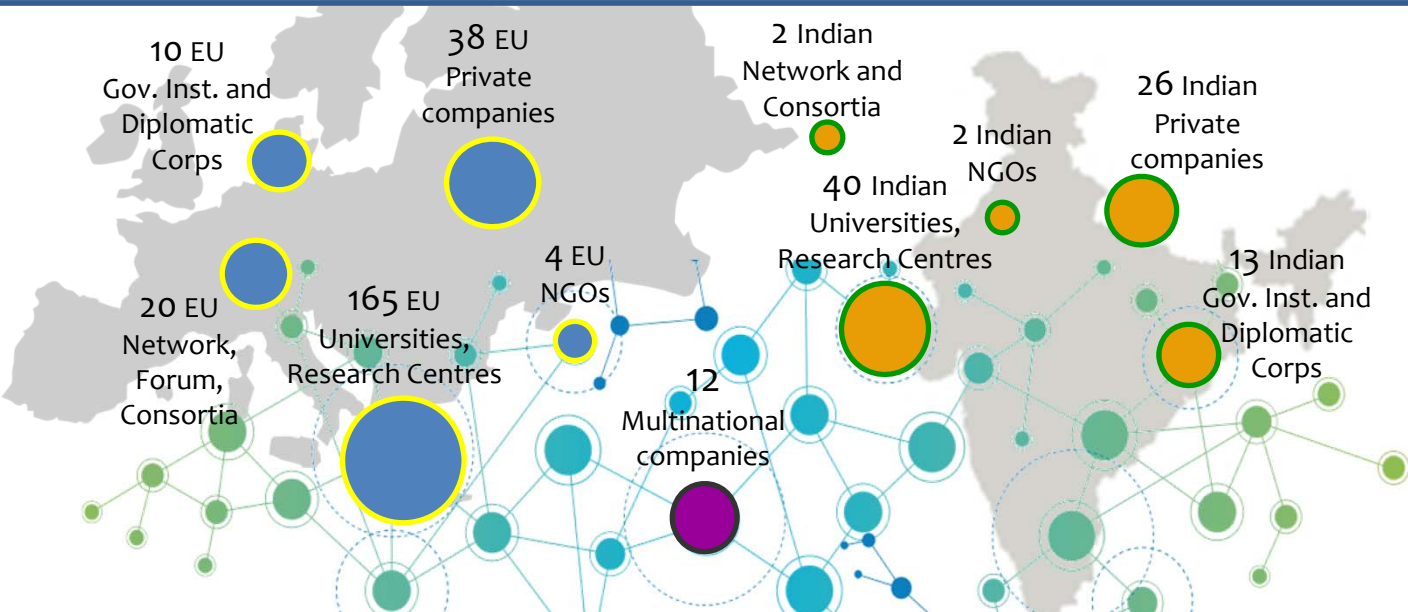

- 26 GRANTED PROJECTS
- 34 EXPERTS INVOLVED
- 60 MONTHLY GRANTS ASSIGNED
- 12 EUROPEAN COUNTRIES REPRESENTED (Spain, France, Italy, Germany, Slovakia, Croatia, Sweden, Poland, Belgium, United Kingdom, Lithuania, Romania)
- 20 INDIAN HOST INSTITUTIONS (5 private, 15 public)

DISSEMINATION & COMMUNICATION ACTIONS

- 14 PRESS SERVICES REACHED
- 22 THEMATIC NETWORKS CONTACTED
- 42 ARTICLES OBTAINED
- 11 THEMATIC EVENTS ATTENDED
- 3 INTERNATIONAL CONFERENCES ORGANISED
