In collaboration with [European Economic and Social Committee](#)

22 February 2024, Brussels, Belgium
09:00-17:00 CET, European Economic and Social Committee,
Rue Van Maerlant 2, 1000 Bruxelles, Belgium

One-stop-shops and integrated renovation solutions supporting EU-wide deep building transformation

22 February 2024

09:00-17:00 CET, Brussels

European Economic and Social Committee,
Rue Van Maerlant 2, 1000 Brussels, Belgium

Conference organised by Horizon 2020 projects:

In collaboration with:

European Economic
and Social Committee

Join us for a dynamic full-day, in-person event uniting esteemed EU representatives, participants from EU Horizon 2020 and LIFE projects, and diverse stakeholder groups rooted in Brussels, from construction and financing to local authorities and property owners' associations.

Key event highlights:

- **Digital revolution:** Discover a cutting-edge digital platform, generating standard modules for energy efficiency and clean energy solutions across Bulgaria, France, Greece, Italy, the Netherlands, Slovenia and Spain, by re-MODULEES project.
- **Insights from EU cities one-stop shops:** Gain invaluable insights from experiences with physical renovation one-stop shops in the Netherlands, Spain, and Slovenia, by Save the Homes project.
- **Accelerating impact discussion:** Explore the transformative influence of innovative construction and renovation approaches on policy and the market.

The day will feature compelling **keynotes** shaping the future today, inspiring **success stories** from digital and physical renovation hubs across various member states & **panel discussion** with key stakeholders from sectors vital for the widespread adoption of integrated home renovation solutions on a grand scale. The focus will be on emerging trends within renovation one-stop shops, technical solutions, innovative business models, and financing strategies. Navigate the entire customer journey and value chain, unlocking the secrets to scalable integrated home renovation solutions.

Don't miss this insightful event & be at the forefront of EU-wide building transformation!
