

ICM 2024

B O L O G N A

JUNE 30th - JULY 5th

22nd INTERNATIONAL CONFERENCE ON MAGNETISM

▶ Abstract Submission deadline:
16th January 2024

▶ Early bird registration deadline:
1st March 2024

ICM is the largest conference of the magnetism community worldwide. It covers the whole area of magnetism, from fundamental research to advanced applications.

With Special Plenary Lectures by
Albert Fert – Nobel Prize 2007
Giorgio Parisi – Nobel Prize 2021

Subscribe below for updates
and announcements!

Themes Include

1. Strongly Correlated Electron Systems (SCES)
2. Dimensionality in Spin-Related Phenomena
3. Spintronics and Spin Dynamics
4. Magnetism of nanoscale systems: thin films, nanostructures and nanoparticles
5. Functional Magnetic Materials
6. Frontiers in magnetic devices and experimental techniques

Chair:

Valentin Alek Dediu *CNR-ISMN*

Vice Chair:

Ilaria Bergenti *CNR-ISMN*
