### SPEAKERS

**“Woman Life Freedom and more”** by Giuliana Cacciapuoti

Nobel Peace Prize winners: women fighting for rights and freedom in the Arab-Islamic world.

**“The power of images”** by Donatella Gallone

The power of images. Those produced by women often remain engraved in our memory, creating connections and breaking down barriers.

**“A Just Peace? Women’s Voices and the Democratic Underpinnings”**

by Isabel Bolli

This talk presents peace as a philosophical concept and situates it in relation to contemporary philosophical debates.

**“Women perspectives in urban regeneration processes ”** by Gabriella Esposito

The CNR Lab on Gender mainstreaming in urban planning is developing research, teaching and knowledge transfer initiatives in order to enhance co-design practices for social inclusion and urban peace.

**“The Shape of Peace: Women, Architecture, and a Shared Future”**

by Tiziana D’Aniello

Women architects bring a vision to the peace process that combines care, expertise, and collective responsibility.
