

# **Cohesin Biology and the Cohesinopathies**

## *Fourth Informal Meeting*

**Location:** Certosa di Pontignano Centro Congressi (<http://www.pontignano.unisi.it/>)  
Pontignano, Siena, Italy  
July 12-15, 2013

**Organizers:** Antonio Musio, Ph.D. Ian Krantz, M.D.  
Istituto di Ricerca Genetica e Biomedica The Children's Hospital of Philadelphia  
Italy USA

**This fourth informal biennial meeting will provide a forum for the presentations of papers on the latest developments in cohesin biology and the expanding group of associated clinical disorders, the cohesinopathies. This meeting provides a unique opportunity to bring international groups working in this rapidly expanding and evolving field together in a relaxed and collegial atmosphere.**

**The registration fee is 500 euro and covers hotel accommodations and meals for faculty participants. In addition, for up to 15 postdoctoral and graduate students and other trainees (who are encouraged to attend), the registration will be covered through support of the CNR and NIH/NICHD (however trainees are still responsible for their own travel expenses).**

**Deadline for submission of abstracts is April 5th, 2013**

**Registration is limited and will be based on abstract review and a “first come first serve” basis.**
