

CURRICULUM VITAE
Dr. *MAURO CENTRITTO*

Education

Doctorate degree in Agricultural Sciences - Università degli Studi di Napoli Federico II, Naples, Italy.

Ph.D. in Plant Ecology, Institute of Ecology and Resource Management, Faculty of Science and Engineering, University of Edinburgh, UK.

Position

Director, CNR-Institute for sustainable Plant Protection, May 2019 - present.

Director, Trees and Timber Institute - National Research Council of Italy (CNR), May 2014-April 2019.

Director, CNR-Institute for Plant Protection (IPP), November 2012-April 2014

Research Director, CNR-IPP, August 2012-November 2012

Research Director, CNR-Institute of Agro-Environmental & Forest Biology (IBAF, Rome, Italy), January 2007-August 2012

Professional Activities

Adjunct Professor, PMAS Arid Agriculture University Rawalpindi-Department of Environmental Sciences (Rawalpindi, Pakistan), 2010-present.

External Professor, Chinese Academy of Forestry-Research Institute of Forest Ecology and Environment (Beijing, China), 2009-2014.

Member of the Academic Scientific Committee of the Strathmore University (Nairobi, Kenya), 2015-2016.

Lecturer at the University of Molise (Italy), Faculty of Agricultural Sciences:

- *Agricultural Ecology* (1996-2002)
- *Plant Resource Protection and Management* (1998-1989)
- *Agrometeorology and Climatology* (2003-2004)
- *Ecology and Agroclimatology* (2004-2005).

Member of the Doctorate Board Ph.D. Program in Forest Ecology, University of Tuscia (Italy), 2009-2012.

Member of the Doctorate Board Ph.D. Program in Agriculture, Food and Environment, University of Pisa (Italy), 2013-2017.

Member of the Doctorate Board Ph.D. Program in Life Science, University of Siena (Italy), 2017-present.

Member of the “Tang Prize Selection Committee” (<http://www.tang-prize.org/en/award.php>), third prize cycle (2017-2018), prize category *Sustainable Development*.

Project Evaluator: EU (Framework Programmes); Belgium (Fonds de la Recherche Scientifique); Czech Republic (Czech Science Foundation); Greece (Ministry of Education, Lifelong Learning and Religious Affairs); Bulgaria (National Science Fund); Italy (Ministry of Science and Education and Ministry of Economic Development); Horizon 2020-“SUSCROP” ERA-NET; Sweden (International Foundation for Science).

Supervisor of PhD and Postdoc students, many from overseas.

Evaluator for Academic Promotions:

- Blaustein Institutes for Desert Research - French Associates Institute for Agriculture and Biotechnology of Drylands (University of the Negev), 2010;
- Ministerului Educației Naționale, Aurel Vlaicu University, Romania, 2014;
- Consiglio per la Ricerca in Agricoltura e l'Analisi dell'Economia Agraria, Italy 2016;
- Associate Professor Selection, University of Sargodha, Pakistan 2017
- Evaluator/Expert for the Technical Review Panel for Appointment of Associate Professor at the Department of Environmental Sciences-COMSATS Institute of Information Technology, Islamabad, Pakistan, 2018.

Multilater FAO-Senior Officer performance 2016 Competencies Appraisal.

Member of the Delegation of the Italian Ministry of Foreign Affairs at the Italian-Mexican “Binational Commission”, Mexico City, Mexico, 2015.

Member of the Delegation of the Italian Ministry of Foreign Affairs at the UNCCD COP12 Ankara, Turkey, 2015.

Member of the Delegation of the Italian Ministry of Foreign Affairs at the UNCCD COP13 Ordos, China, 2017.

Member of the Italian Delegation at the UNFCCC COP 22 Marrakech, Morocco, 2016.

Consultant to FAO-Forestry, project *Forest Restoration in Algeria, Egypt, Morocco and Tunisia using Treated Waste Water to Sustain Smallholders and Farmers Livelihoods*, 2010-2013.

Italian member, Steering Committee, EU-COST action FP0601, *FORMAN - Forest Management and the Water Cycle*, 2008-2011.

Member of the organising/scientific committee of several international conferences and workshops.

Keynote Speaker and Chair at several international conferences and workshops.

National Scientific Qualification to the functions of Full Professor in the competition sectors 05/A2 Plant Physiology and 07/B2 Sciences and Technologies of the Arboreal and Forestry Systems.

Editorial Work:

Editorial Board of *Soil and Environment*, 2011-present

Editorial Advisory Board of *Functional Plant Biology*, 2009-present

Editorial Advisory Board of *Frontiers Environmental Science*, *Frontiers in Plant Science*, 2014-present

Associate Editor di *Advances in Horticultural Science*, 2016-present

Editorial Advisory Board of *Agriculture Ecosystems & Environment*, 2003-2015

Referee for: *Acta Biologica Cracoviensia Series Botanica*, *Acta Oecologica*, *African Journal of Agricultural Research*, *African Journal of Biotechnology*, *Agricultural Water Management*, *Agriculture*, *Agriculture and Forest Meteorology*, *Agriculture Ecosystems & Environment*, *Annals of Botany*, *Applied Soil Ecology*, *Atmospheric Environment*, *Biosystems Engineering*, *Ecological Indicators*, *Environmental and Experimental Botany*, *European Journal of Forest Research*, *Field Crops Research*, *Forest@*, *Frontiers In Sustainable Food Systems*, *Frontiers Plant Science*, *Functional Plant Biology*, *Global Change Biology*, *iForest*, *International Journal of Global Warming*, *Italian Journal of Agronomy*, *New Phytologist*, *New Zealand Journal of Crop and Horticultural Science*, *Science of the Total Environment*, *Photosynthesis Research*, *Photosynthetica*, *Physiologia Plantarum*, *Plant Biology*, *Plant Biosystems*, *Plant Cell and Environment*, *Plant Ecology & Diversity*, *Plant Physiology*, *Plant Physiology and Biochemistry*, *Plant Science*, *Plos One*, *Scientia Horticulturae*, *Scientific reports*, *Tree Physiology*, *Water Air & Soil Pollution*.

Research synopsis and activities

Agricultural and forest related topics including: photosynthesis, biogenic volatile organic compounds, growth and carbon allocation; impact of elevated CO₂ concentration and rising

temperature on the physiology and growth of agricultural and forest ecosystems; plant growth and water use efficiency along the gradient of desertification; water saving irrigation techniques and water harvesting technologies.

Main grants

- *Influenza della fotosintesi sulla crescita, formazione delle riserve ed allocazione della biomassa*. CNR-Progetto Speciale *Biologia e Produzioni Agrarie per una Agricoltura Sostenibile 1996-1999*; Team Leader.
- *Study of the physiological basis of salt tolerance of the main olive cultivars*, Italian-Greek Programme of Scientific and Technological Cooperation, Italian Ministry of Foreign Affairs, 1999-2001; Coordinator.
- *The likely impact of climate change and environmental stresses on crop productivity in the Mediterranean basin*, National Research Council - Agenzia 2000; Coordinator.
- *Combating desertification with native plants: ecological characteristics and water use efficiency of *Nitraria tangutorum* along desertification gradient*, Sino-Italian Scientific and Technological Cooperation, Italian Ministry of Foreign Affairs; 2002-2005; Coordinator.
- *Monitoring Biodiversity and Vegetation Gas Exchange Using Remote Sensing*, Italian-Argentinean Scientific and Technological Cooperation, Italian Ministry of Foreign Affairs; 2004-2005; Coordinator.
- *PRD: A sustainable irrigation system to optimise water use* (project involving Italy, Morocco and Tunisia), NATO Science for Peace and Security Programme; 2004-2005; Coordinator.
- *Predicting the impact of climate change on agricultural forest ecosystems*, Italian-Estonian Scientific and Technological Cooperation, Italian Ministry of Foreign Affairs; 2005-2008; Coordinator.
- *Gas exchange between natural and managed ecosystems and the atmosphere*, National Research Council sub-project; 2005-2008; Coordinator.
- *Water use optimisation of crops in drought prone areas*, CNR-CNRST (Morocco) Scientific and Technological Cooperation; 2006-2007; Coordinator.
- *Functional and Molecular Ecology*, National Research Council sub-project, € 447,000; 2006-2010; Coordinator.
- *Optimization of water use by native plants in arid lands facing global change and desertification*, Projects of major importance in the Scientific and Technological Collaboration Executive Programmes of the Italian Ministry of Foreign Affairs; 2007-2009; Coordinator.
- *Study of the impact of climate change on Mediterranean ecosystems*, National Research Council sub-project; 2007-2010; Coordinator.
- *Ecophysiological characterization of native plant species with high agro-ecological potentials*, CNR-CNRST (Morocco) Scientific and Technological Cooperation; 2008-2009; Coordinator.
- *Use of remote sensing in the estimation of emissions of biogenic hydrocarbons*, National Research Council - "Curiosity driven project"; 2008-2010; Coordinator.
- *Integrated infrastructure for airborne Earth Observation*, National Research Council sub-project; 2008-2011; Coordinator.
- *Preparatory Meeting for the Project Plan for the Science for Peace Project Recovering "Climate Proof" Plants to Combat Drought*, NATO Science for Peace and Security Programme; 2010; Coordinator.
- *Environmental and molecular physiology of abiotic stress*, National Research Council project; 2011-2014; Coordinator.
- *Training and capacity building in sustainable agricultural water management: Addressing food security and social instability in Pakistan*, Italian Ministry of Foreign Affairs; 2012-2018; Coordinator.

- Ministero delle politiche agricole alimentari e forestali *Progetto per l'attuazione delle attività contenute nel programma triennale 2014-2016 per la conservazione, caratterizzazione, uso e valorizzazione delle risorse genetiche vegetali per l'alimentazione*; Team Leader.
- SSNIF Training (Servizi Sensoriali Nous Index Factory) 2014-2015, Fondo Sociale Europeo, Regione Siciliana; Coordinator
- EU Project KBBE.2012.3.1-01: Development of improved perennial non-food biomass and bioproduct crops for water-stressed environments (WATBIO) 2012-2017; Team Leader.
- EU Project KBBE.2011.3.1-01: 3to4: Converting C3 to C4 photosynthesis for sustainable agriculture (3to4) 2012-2016; Team Leader.
- Gestione sostenibile della risorsa acqua in agricoltura (Aqua); Progetto Premiale MIUR 2014-2015; Coordinator.
- *Realizzazione di camere di crescita per lo studio degli effetti della qualità della luce sulla fotosintesi e sulla produzione di metaboliti secondari di interesse fitosanitario - FITOLED*”, Ente Cassa di Risparmio Firenze 2015-2016; Coordinator.
- “Indirizzi di Sanità, Sostenibilità ed Eccellenza della olivicoltura MedIterranea - SEMIA”, Bando PIF Sottomisura 16.2 - Regione Toscana 2017-2018; Team Leader.
- Coordinatore scientifico del progetto CNR-Chinese Academy of Sciences (CINA) 2017-2019 “Effetti dell’ozono troposferico sugli ecosistemi vegetali cinesi e italiani”.
- Ministero delle politiche agricole alimentari e forestali *Progetto per l'attuazione delle attività contenute nel programma triennale 2017-2019 per la conservazione, caratterizzazione, uso e valorizzazione delle risorse genetiche vegetali per l'alimentazione*; Team Leader.
