Curriculum vitae – Giuseppe Pascuzzi

Profilo Personale

*Sono **ingegnere specializzato nell'ambito dei trasporti**, con una solida formazione accademica e professionale focalizzata sulla **pianificazione, progettazione e gestione dei sistemi infrastrutturali**. Ho svolto un'esperienza altamente formativa presso il **Ministero delle Infrastrutture e dei Trasporti**, dove mi sono occupato dello studio e dell'evoluzione infrastrutturale dei porti e delle reti di trasporto. Successivamente, ho approfondito le mie competenze conseguendo un **Master universitario di II livello in Management e Politiche della Logistica Integrata dei Trasporti nel Mediterraneo**, con particolare attenzione all'intermodalità, alle reti intelligenti e ai sistemi ITS. Attualmente opero come **Senior Digital Process Analyst** in **Almaviva S.p.A.**, con attività specifiche nell'ambito della **pianificazione del traffico e della mobilità**, sia **stradale che ferroviaria**, integrando soluzioni di **process mining, analisi dei KPI, modellazione dei processi** e **simulazioni What-if** a supporto della gestione dei flussi di trasporto. Nel corso della mia carriera ho acquisito solide competenze in ambito ICT, partecipando a progetti complessi per la **digitalizzazione dei trasporti** e la **ricerca applicata**, anche in ambito pubblico e accademico. Ho maturato esperienza diretta nella **programmazione in Python, Java e MATLAB**, impiegati per lo sviluppo di strumenti di calcolo numerico, simulazioni, elaborazione dati e modellazione di scenari legati alla mobilità. La mia formazione ingegneristica e l'esperienza maturata mi consentono di affrontare con approccio multidisciplinare le sfide del settore, unendo visione sistemica, conoscenze tecnologiche e capacità di implementazione concreta. Ritengo che queste caratteristiche possano rappresentare un contributo utile allo sviluppo del progetto **"test bed di comunicazione VLC per V2I"**, oggetto dell'incarico presso il CNR – Istituto di Informatica e Telematica.*

Personal Information	
First name / Surname	Giuseppe Pascuzzi
Address (residence)	VIA BIVIO BONACCI, 5 - 88049 SOVERIA MANNELLI (CZ)
Address (domicile)	VIA DEL PIANETA VENERRE,70 - 00144 EUR (RM)
Phone	0968662758 **Mobile**: 3347563498
Fax	0968662758
E-mail	pascuzzigiuseppe83@libero.it; pascgiu@pec.it
Skype Id	Giuseppe.0212
Citizenship	Italian
Date of birth	02/12/1983
Sex	Male

Professional experience	
Dates	16/09/2024 - Current
Name of employer	**Almaviva Spa**
Type of Employment	Network Transport Manager / Senior Digital Process Analyst
Main activities and responsibilities	- Analysis of user requirements and functional specifications - Process Analysis through Process Mining (What-if Analysis); - Data analytics processes (PowerBI, Tableau, SaS, Bigquery, Knime, Sap); - Reporting Analysis. - Business Process Model and Notation (BPMN). - Dynamics Business Central: Integration of financial management, logistics coordination, project organisation and control. - Scrum Master (Agile Software Development, responsibilitySCRUM group, Scrum process and monitoring meetings) - Front-end (Angular), development framework - Autocad 2d/3D - Data Mining (weka, Orange) - Container Orchestration frameworks (Kubernetes, Red hat OpenShif, Helios) - Configuration management tool (GITLAB) - Web Application (java script, json. HTML5,) - KPI preparation. - Budget Management - MATLAB (programming and numerical calculation); - Jenkins (Integration and AutomationSoftware Development); - Framework Machine Learning (TensorFlow). - Front end: Angular, JavaScript, developmentJQuery, Bootstrap - Microservice Architecture; - Evaluation and implementation of test processes and procedures (requirements analysis, test case development, test list update, test execution, bug description, problem identification) - Implementation Test plan / test list / use case; verification and control of events from Database - Performing tests: functional, non-functional, regression, integration tests (software/ hardware) - Bug management via bug tracking software, - Test-driven (Test developers TDD, BDD) - Model based Testing. - Running Performance Tests (Jmeter, LoadRunner) - Automation Test (Execution Katalon, Selenium, Robot Framework) - Penetration Test Execution - Performing Accessibility Tests - Performing Compatibility & Responsiveness Tests - Performing Safety Tests (Static Code Analysis) - Performing Vulnerability Assessments - Static code analysis (SonarQube, Kiuwan);
Technologies used	**Operating systems**: Windows,Linux **Programming languages**: Sql, Java SE Java EE,Javascipt,C++ ;Python,R **Technologies Used:** Android SystemsSystems, iOS, DevOps (Continuous Integration),WebServices/RestServices (SOA, REST, XML, JSON); **Applications**: Eclipse / IntelliJ IDEA, MobaXterm**, (Hp Quality Center ALM**) Application Lifecycle Management, SoapUI, Silk Test, Jira, Jmeter; Axe Dev, SonarQube,OpenVas,Nmap,Postman, Celonis, Myinvenio, PowerBI ,Autocad,Tableau, SaS,Bigquery,Knime,Sap **Relational DBs:** Oracle, Mysql; PostgreSQL,Cucumber, Dynamics Business Central, SAP, Matlab **Non-relational DB** MongoDB **Web Application:** **Application server:** Jboss, Apache Tomcat

Dates **Name of employer** Type of Employment Main activities and responsibilities	07/01/2021 - 15/09/2024 **DXC Technology** Senior Digital Process Analyst / Associate Consulting Manager - Analysis of user requirements and functional specifications - Integrated requirements management (IBM Rational DOORS) - Process Analysis through Process Mining (What-if Analysis) - Data analytics processes (PowerBI, Tableau, SaS, Bigquery, Knime, Sap) - Reporting Analysis. - Business Process Model and Notation (BPMN). - Dynamics Business Central: Integration of financial management, logistics coordination, project organisation and control. - Scrum Master (Agile Software Development, responsibilitySCRUM group, Scrum process and monitoring meetings) - Front-end (Angular), development framework - SAP (functional and modules technical- FI, MM, CO, PP, BW) - CRM or Customer Relationship relationship ManagemenSaleforce (management, interaction and simplification of business processes - Autocad 2d/3D - Data Mining (weka, Orange); - Container Orchestration frameworks (Kubernetes, Red hat OpenShif, Helios) - Configuration management tool (GITLAB) - KPI preparation. - Budget Management - MATLAB (programming and numerical calculation); - Jenkins (Integration and AutomationSoftware Development); - Front end: Angular, JavaScript, developmentJQuery, Bootstrap - Microservice Architecture; - Evaluation and implementation of test processes and procedures (requirements analysis, test case development, test list update, test execution, bug description, problem identification) - Implementation Test plan / test list / use case; verification and control of events from Database - Performing tests: functional, non-functional, regression, integration tests (software/ hardware) - Bug management via bug tracking software, - Test-driven (Test developers TDD, BDD) - Model based Testing. - Running Performance Tests (Jmeter, LoadRunner) - Automation Test (Execution Katalon, Selenium, Robot Framework) - Penetration Test Execution - Performing Accessibility Tests - Performing Compatibility & Responsiveness Tests - Performing Safety Tests (Static Code Analysis) - Performing Vulnerability Assessments - Static code analysis (SonarQube, Kiuwan);
Technologies used	**Operating systems**: Windows,Linux **Programming languages**: Sql, Java SE Java EE,Javascipt,C++ **Technologies Used:** Android SystemsSystems, iOS, DevOps (Continuous Integration), WebServices/RestServices (SOA, REST, XML, JSON); **Applications**: Eclipse / IntelliJ IDEA, MobaXterm, **(Hp Quality Center ALM**) Application Lifecycle Management, SoapUI, Silk Test, Jira, Jmeter; Axe Dev, SonarQube,OpenVas,Nmap,Postman, Celonis, Myinvenio, PowerBI ,Autocad,Tableau, SaS,Bigquery,Knime,Sap **Relational DBs:** Oracle, Mysql; PostgreSQL,Cucumber, Dynamics Business Central, SAP, Matlab **Non-relational DB** MongoDB **Web Application** **Application server:** Jboss, Apache Tomcat
Dates **Name of employer** Customer Type of Employment Main activities and responsibilities	08/01/2018 - 07/01/2021 **ALTEN Italy Spa** Poste Italiane **Project**: Public System for Digital Identity Management (SPID) Senior Business Analyst / Test Manager - Data Mining (weka, Orange); - Reporting Analysis. - Analysis of user requirements and functional specifications - Evaluation and implementation of test processes and procedures (requirements analysis, test case development, test list update, test execution, bug description, problem identification) - Implementation Test plan / test list / use case; verification and control of events from Database - Verification and control/tracking of events on Linux machines - Performing tests: functional, non-functional, regression, integration tests (software/ hardware) - Bug management via bug tracking software, - Static code analysis (SonarQube, Kiuwan);
Technologies used	**Operating systems**: Windows; Linux **Programming languages**: Sql, Java SE Java EE, Python, C++, **Technologies Used:** Android Systems, iOS Systems, **Applications**: Eclipse / NetBeans, MobaXterm **,(Hp Quality Center ALM**) Application Lifecycle Management, SoapUI, Silk Test, Jira; Microsoft Project, Selenium IDE **Relational DBs:** Oracle, Mysql; **Application server:** Jboss, Apache Tomcat

Dates	September 2016 - December 2017
Name of employer	**Clariter Srl**
Customer	TIM (Telecom Italia Mobile) **Project**: TIMvsion, TIMmusic, TIMgames
Type of Employment	Test Engineer
Main activities and responsibilities	▪ Evaluation and implementation of test processes and procedures (requirements analysis, test case development, test list update, test execution, bug description, problem identification)
	▪ Implementation Test plan / test list / use case; Execution of tests: functional, non-functional, regression, integration tests (software/ hardware);
	▪ Bug management via bug tracking software
	▪ Static code analysis (SonarQube, Kiuwan)
Technologies used	**Operating systems**: Windows;Linux **Programming languages**: Sql, Java, Python, C++ **Technologies Used:** Android Systems, iOS Systems, **Applications**: Android Studio, Eclipse / NetBeans, MobaXterm , Tessa, Mantis; SonarQube ,Kiuwan; Microsoft Project **Relational DBs:** Mysql;
Dates	February 2015 - August 2015
Name of employer	**Ministry of Infrastructure and Transport** - Directorate General for the Supervision of Port Authorities, Port Infrastructure and Maritime and Inland Waterway Transport
Job or position held	Intern
Main activities and responsibilities	Structural design and study of the infrastructural and commercial evolution of portsItalian and European, S.I.D (State Property Information System)
Dates	April 2014 - December 2014
Name and address of employer	**Dedalo società cooperativa (technical study) Piazza del Rosario, 4 Catanzaro**
Job or position held	Technical collaborator
Main activities and responsibilities	Spatial planning, structural design and land study
Dates	January 2011 - September 2013
Name and address of employer	**Engineering Services - Ing. Nicola Lanzo - Viale G.Mazzini n.87/A - Martirano (CZ)**
Job or position held	Technical collaborator
Main activities and responsibilities	Design, Structural Calculations, Technical Consultancy, Expert Reports, Topographical Surveys, Security
Training	
Dates	12/2023
Name of organisation	**Alten Spa**
Title of qualification awarded	ISTQB Advanced Level Test Manager
Main subjects/occupational skills covered	▪ Managing a test project by implementing the established mission, objectives and test processes for the test organisation
	▪ Organise and conduct risk identification and analysis sessions and use the results of these sessions for estimating, planning, monitoring and controlling tests
	▪ Create and implement test plans consistent with organisational policies and test strategies
	▪ Continuously monitor and control test activities to achieve project objectives
	▪ Assess and report relevant and timely test status to project stakeholders
	▪ Identify skills and resource gaps in your team test and participate in the search for suitable resources
	▪ Identify and plan the development of the necessary skills within your teamtest
	▪ Propose a business case for testing activities outlining the expected costs and benefits
	▪ Ensure adequate communication within the test and with other project stakeholdersteam
	▪ Participating in and leading test process improvement initiatives
Dates	03/2023
Name of organisation	**IBM**
Title of qualification awarded	IBM Process Mining Analyst
Main subjects/occupational skills covered	Study techniques process mining used when a formal description of the process cannot be obtained with other approaches or when the quality of existing documentation is questionable.
Dates	12/2022
Name and type of organisation	**EXIN**
Title of qualification awarded	Agile Scrum Foundation
Main subjects/occupational skills covered	Agile Way of Thinking, Scrum practices, Scrum Planning and Estimation, Monitoring Scrum Projects, Advanced Scrum Concepts
Dates	13/05/2022
Name of organisation	**Alten Spa**
Title of qualification awarded	ISTQB Advanced Level Test Analyst
Main subjects/occupational skills covered	Business-oriented certification, essential to understand the requirements and related quality risks associated with functionality and usability
Dates	04/02/2022- 03/2023
Name of organisation	**University of Pisa**
Title of qualification awarded	Master's Degree in Cybersecurity
Main subjects/occupational skills covered	Insight into all technologies, languages, processes related to cybersecurity
Dates	26/12/2021
Name of organisation	**EXIN**
Title of qualification awarded	DevOps Professional Certification
Main subjects/occupational skills covered	DevOps development methodology procedures and processes

Dates	30/ 03/ 2020 - 08/04/2020
Name of organisation	**Alten Spa**
Title of qualification awarded	Power BI Desktop
Main subjects/occupational skills covered	Work environment for Power BI ,Components: Power BI Designer,Tasks: Connect, integrate, model and visualize Dashboards , More functionalities of the Power BI environment, Work environment for queries in Power BI, Connect data hosted in different sources, Perform basic transformations on the data in the consultation, Link data from the query, Work environment for modeling with Power BI ,Introduction to tabular modeling with Power BI ,Tables and relationships , Introduction to DAX , Calculated and measured columns ,Calculated tables , Time intelligence
Dates	14/03/2020
Name of organisation	**Certification Management Board (ICMB)**
Title of qualification awarded	ITIL®4 Foundation
Main subjects/occupational skills covered	Key elements, concepts and terminology of ITIL® 4, including the 4 dimensions of IT Service Management, the Service Value System, and the Service Value Chain, the Guiding Principles and the main IT Management Practices.
Dates	2/3/4 October 2017
Name of organisation	**E-Quality (ISTQB)**
Title of qualification awarded	ISTQB Fondation Level
Main subjects/occupational skills covered	Skills in the area of software engineering topics, such as Requirements Engineering,Software Testing and Mobile Application Testing;
Dates	6 May 2017 - 6 June 2017
Name of organisation	**CEFI Institute (Computer Training Centre)**
Title of qualification awarded	Linux Administrator Junior
Main subjects/occupational skills covered	Basic concepts of Linux/UNIX, Man pages (file info), Basic shell functions, Graphical user interface, System administration, Data backup, Types and of networkssizes , TCP/IP-Networking in a LAN, Networking via dial-up connection, Adding network cards to a Linux system Configuring cardsnetwork , Domain Name System (DSN), File services, Dynamic Host Configuration Protocol (DHCP), Diagnostic tools, Basics of computer security, File Transfer Protocol, Linux as a Web server Apache, Squid Proxy Server;
Dates	07-12-2016 - 07-04-2017
Name of organisation	**Pc Academy**
Title of qualification awarded	Java SE Course for Programmers
Main subjects/occupational skills covered	Skills required for programming in Java, management of classes, objects and methods suitable for creating applications. Creation of programmes with graphical interfaces, advanced techniques such as multithreading programming, database management and networking, which are fundamental for the creation of complex software.
Dates	3 October 2016 - 20 October 2016
Name of organisation	**Clariter srl**
Title of qualification awarded	Junior Software Tester
Main subjects/occupational skills covered	Study and analysis of testing processes procedures (requirements analysis, test case development, test list update, test execution, bug description, problem identification
Dates	March 2016 - July 2016
Name of organisation	**Management Academy Sida Group**
Title of qualification awarded	Executive Master in Energy Management and Sustainable Development
Main subjects/occupational skills covered	Expertise in various areas of the Green Economy with a specific focus on the acquisition of specialist know-how on issues relating to energy requirements, building redevelopment, eco-sustainable mobility. Comprehensive knowledge of regulatory and legal aspects, financing methods, marketing and digital marketing techniques and internationalisation perspectives.
Dates	May 2014 - February 2016
Name of organisation	**Link Campus University - Rome (RM)**
Title of qualification awarded	Master's in management and policy of integrated Port Logistics in the Mediterranean - (II LEVEL)
Main subjects/occupational skills covered	The evolution of the logistics system in the world and the Mediterranean, Transport economics and policy, Intermodality and integrated logistics, The role of port systems in the Mediterranean, Business management (shipbuilding, shipping, seabed drilling, surface energy), Transport law and financial instruments, Defence, intelligence and piracy repression policies, Port and territory
Level in international national classification	Level II master's degree in integrated transport logistics in the Mediterranean area.
Dates	February 2015 - September 2015
Name of organisation	**CEFI Institute (Computer Training Centre)**
Title of qualification awarded	Master programmer Java SE/EE
Main subjects/occupational skills covered	Fundamental skills of a java programme (objects, constructors, methods, packages); Identifiers, data types and arrays; Operators and execution flow management; Encapsulation; polymorphism for methods and constructors; package and modifiersinterface , exceptions and assertions, thread management, data management with supportSql .
Dates	February 2015 - June 2015
Name of organisation	**CEFI Institute (Computer Training Centre)**
Title of qualification awarded	Master Autocad designer
Main subjects/occupational skills covered	Methods of graphic representation and analysis of IT tools involved in the design process
Dates	27-31 October 2015
Name of organisation	**EUROPACUBE INNOVATION business school**
Title of qualification awarded	Master in euro design
Main subjects/occupational skills covered	European design techniques, administrative and operational management; developing a networking culture; applying know-how acquired in the field of Euro design, with the definition of real projects
Dates	10/02/2014
Name of organisation	**University of Calabria - RENDE (CS)**
Title of qualification awarded	Qualification to practice the profession of engineer section A - 2nd session 2013 obtained with a score of 196/240 at the UNICAL of Cosenza

Dates **Name of organisation** Title of qualification awarded	January - March 2014 **Riabitalia Training School** Course for energy certifier technician accredited MISE - MATTM - MIT IN ACCORDANCE WITH ARTICLE 2 PARAGRAPH 5 OF Presidential Decree 75/2013
Dates **Name of organisation** Title of qualification awarded	December 2015 - February 2016 **AiFos (national training body recognised *ope legis* (Legislative Decree 81/08)** Construction Site Safety Coordinator Training Course (D. Lgs.81/08)
Dates **Name of organisation** Title of qualification awarded	January - March 2014 **Riabitalia Training School** Technician's course for the anti-seismic assessment and prevention of structures (precast masonry - reinforced concrete structures) in accordance with Ministerial Decree 14/01/2008
Dates **Name of organisation** Title of qualification awarded	17/09/2013 **University of Calabria - RENDE (CS)** Master's Degree in Civil Engineering **LM-23** - focus on transport - with a mark of 102//110 Seismic, techniques zone construction reinforced and prestressed concrete construction, foundations, goods transport and logistics, hydraulics complements, design of transport systems and infrastructures, transport planning, road construction, urban planning techniques, design and maintenance of road superstructures, management of transport systems, transport goods and logistics, public transport, hydraulic construction.
Dates **Name of organisation** Title of qualification awarded	02/12/2010 **University of Calabria - RENDE (CS)** Bachelor's Degree in Civil Engineering - Class 08 - with a mark of 88/110 Mathematical analysis, physics, object-oriented programming (java), chemistry, computer science, economics, statistics, construction technology and science, hydraulics, hydraulic construction, geotechnics, English.
Dates **Name of organisation** Title of qualification awarded	18/10/2008 **London Chamber of Commerce and Industry Examination Board (LCCIEB).** ELSA English language certification (Listening 201; reading 196, writing I 74; Speaking level Advanced); Knowledge of spoken, read and written English
Dates **Name of organisation** Title of qualification awarded Main subjects/occupational skills covered	22/02/2006 **Italian Association for Informatics and Automatic Computing-MILAN** ECDL Certificate - European Computer Driving Licence Basic IT concepts, File management, Word, Spreadsheet, Database, Presentation, Computer networks-Internet
Dates **Name of organisation** Title of qualification awarded Main subjects/occupational skills covered	14/07/2002 **R. Petrucci' Technical Institute for Surveyors in Catanzaro** Diploma of Surveyor with a grade of 80/100. Italian, Mathematics, Topography, Law, Construction, History, French
Dates **Name of organisation** Title of qualification awarded Main subjects/occupational skills covered	14/02/2002-18/01/2002 **Venice European Centre for Heritage Conservation Trades** Certificate of Participation Knowledge of the degradation and conservation techniques of the architectural heritage

Personal skills and competences

Mother tongue(s)	**Italian**
Other language(s)	**English - French**
